ASTORIA, OREGON, TUESDAY, JULY 1, 1902.

NO. 1

IT'S UP TO YOU

When you are about to buy clothing,
ASK YOURSELF

First Who carries the best and largest assortment of Clothing, Hats and Furnishings?

Second Do you prefer to trade with WISE, who has one price?

Third Is not WISE the most up-to-date Clothier in Astoria?

Well, if all these things are true, and everybody knows that they are,

WHY Should you not go to WISE'S BIG STORE when you wish to buy CLOTHES?

FIREWORKS

Wholesale and Retail

PAPER DECORATIONS, FLAGS, SHIELDS, ROCKETS, BOMBS—EVERYTHING.

GRIFFIN & REED.

SOMETHING NEW FOR BREAKFAST

Atlas Kiln Dried Rolled White Oats

FISHER BROS., ASTORIA, ORE.

Clothes to be seen in

WHEREVER you go this summer: for pleasure or for business: London coronation, Paris boulevards, St. Jo, Mich., State Street Chicago or Broadway New York: you'll be satisfied with your appearance if you are in Hart Schaffner & Marx clothes.

Nobody will wear better looking clothes, nor get the same good-looks without paying a lot more money for 'em. In fit, style, excellence of tailoring, Hart Schaffner & Marx clothes are superior; not a slovenly stitch in them.

For every occasion: full dress, afternoon dress, business, outings; a multitude of choice fabrics, well made, ready-to-wear. The best clothiers sell them: you know you're safe if you see the label, H S & M, in the coat; a small thing to look for, a big thing to find.

Hart, Schaffner & Marx,
Good Clothes Makers.

FIERCE BATTLE IN THE SENATE

Bailey and Beveridge Quarrel—Have Physical Assault.

HOUSE ADJOURNS TOMORROW

Dispute Arose Over Bailey Criticizing State Department's Handling of Dr. Scott.

WASHINGTON, June 30.—The final adjournment is probably tomorrow. The house worked under a high pressure from noon today until far into the night. As preliminary, several resolutions were adopted to grease the legislative wheels. A rule providing for the printing of the conference reports before the consideration was suspended until the end of the session, and a resolution was adopted, making a motion to suspend the rule in order at any time. The house then got down to business on the conference report of the Philippine civil government bill. A partial report on the general deficiency appropriation bill was adopted and after a prolonged fight the house adopted the senate amendment to appropriate \$500,000 for the Buffalo exposition and then sent the bill back to the conference. The senate amendments to appropriate \$150,000 for the Charleston exposition and \$1,000,000 to pay the Hawaiian bubonic plague awards were defeated. At the evening session the Dick militia bill was taken up.

The adjournment resolution is to be withheld until the conference report on the Philippine bill is adopted by the senate.

BAILEY AND BEVERIDGE FIGHT.

WASHINGTON, June 30.—Hot words passed between Bailey and Beveridge on the floor of the senate today and after adjournment, were followed by a physical assault by the Texas senator on the senator from Indiana. Bailey criticized the state department for its handling of the case of an American citizen, Dr. Scott, and reflected on the competency of Judge Penfield, solicitor of the department. Beveridge characterized the words of the Texas senator as an "unwarranted attack." This characterization Bailey regarded as an insult and demanded that the Indiana senator withdraw his words. Beveridge declined to withdraw them until Bailey first withdrew his language in respect to Solicitor Penfield, although he disclaimed any intention of insulting Bailey. The trouble grew out of the resolution offered by Bailey calling for the papers in the Mexican mining case in which he maintained that Dr. Scott had been unfairly treated, not only by the Mexican courts, but also by the American ambassador, Clayton, and officials of the state department. Bailey declared that Minister Clayton was either incompetent, or dishonest, and his remarks led to some tart rejoinders. Early in the session, Elkins delivered an earnest speech in favor of the annexation of Cuba, maintaining that it would be in the best interests of both countries. Elkins' remarks drew sharp fire from Platt and Hanna, who deprecated any annexation proposition at this time, and urged that the United States ought to be sensible of its obligations to the civilized world, if not to Cuba. After a lively colloquy, in which General Wood was criticized by inference for using the Cuban funds to advance reciprocity, Elkins' resolution was referred to the Cuban relations committee.

THE ASSAULT.

WASHINGTON, June 30.—Senator Bailey of Texas, and Senator Beveridge of Indiana, tonight, Bailey was very angry and threatened harm to the Indiana senator. The episode was the result of a heated controversy which the two senators had during the afternoon when Beveridge had said that Bailey had made an "unwarranted attack" on Penfield of the state department.

In the executive session Beveridge lighted a cigar and took a seat on the Republican side. Bailey walked through the aisle until he faced Beveridge and said:

"Beveridge, I want you to have any trouble with you, but I want you to withdraw those words which charged me with making an unwarranted attack on Penfield."

"I did not intend to insult you," replied Beveridge, "and there is nothing in my language you could consider offensive."

"I won't allow anyone to say that I insult a man, and that is what you have done in making this charge. Now if you won't withdraw those words which I ask you, I am going to make you withdraw them," said Bailey.

Bailey threw himself upon Beveridge and seized him by the throat with both hands. Handbrough seized Bailey by one arm and Spooner seized the other. The Texas senator is a powerful man and it was with great difficulty that the two senators were able to drag him away from Beveridge.

Bacon, of Georgia, and Barney Layton, the doorkeeper, came quickly forward and assisted in pulling the Texas senator away. Bailey was heard to utter something like a threat to kill Beveridge. However, when he walked away, Beveridge remarked to those who had spoken to him on the

subject that it did not amount to anything.

RELIGIOUS CONVENTION IN 1904.

Will Rival the One at the Chicago World's Fair.

CHICAGO, June 30.—A gathering of the many religions and creeds of the world which will rival the congress of religions of the World's fair, is planned for the Olympic games in 1904 by Bishop Fallows, chairman of the committee on ethical and religious organizations. The religious feature of the games will be organized on the same broad lines as the games have been played. Every country that is invited to send its athletic representatives will be urged to have its religious representatives as well. Following the idea that all the games of endurance and skill had their origin in religious worship in ancient times, committee will endeavor to show that the connection has not been lost in late years.

DISCOVERED COUNTERFEITERS.

Brought to Light by Working Men Who Were Tearing Out Interior of House.

CHICAGO, June 30.—In a long abandoned house at Van Buren and Halstead streets \$15,000 in bogus coin and currency and a complete counterfeiters outfit including plates for making \$1000 bills have been found in a secret vault. The discovery was made by workmen engaged in tearing out the interior of a building and caused a sensation in the neighborhood. A detail of police was called to prevent a mob of hundreds of on-lookers from the chamber of its spurious wealth. According to Captain Porter, of the United States Secret Service, the money was cleverly coined and printed and would defraud.

DEBIT RESULT IN DEATH.

Two Dollars Caused What Will Probably Be a Double Tragedy.

NEW YORK, June 30.—A controversy at Hempstead, Long Island over \$2, has been the cause of what will probably be a double tragedy. Felice Ravo, who until recently boarded with Joseph Carris, in the rear of his shoe shop, left without paying his bill in full and the latter kept the former's clothing. The men met later in the street and blows were exchanged. The quarrel was renewed at a second meeting when Ravo had a double barrel shot gun in his hand and Carris his revolver. A few moments later Carris lay dead by the roadside with gaping wounds in his breast and left side, while Ravo was shot twice. He will probably die.

KING STEADILY GAINING.

Three Thousand Bonfires as Result of the Glad Tidings.

LONDON, June 30.—A general feeling of relief as the result of favorable condition of the king, vented itself tonight by the touching off of three thousand bonfires throughout the United Kingdom, which were originally prepared to celebrate the coronation tonight. A display in London was confined to theaters, hotels and board-ing houses on the Strand, Fleet street and other thoroughfares.

MOUNT WRANGLER IS RESTLESS.

SEATTLE, June 30.—Mount Wrangler the Copper River valley continues to give evidence of a volcanic disturbance, according to advices received today by the Alaska Commercial Company.

MANY MEN IN KLONDIKE.

VICTORIA, B. C., June 30.—Arrivals from Dawson report that there are a large number of men in the Klondike. A majority have in the means or outfit to prospect and are lingering about Dawson.

STEAMER OREGON SPRINGS LEAK

Governor A. U. Betts Says Peace Reigns in the Province of Albay.

FINDS COUNTERFEITERS' DEN

King Edward Is Spoken of as Peacemaker—Praised for Ending the Boer War.

SAN FRANCISCO, June 29.—A special to the Examiner from Seattle says: The steamer Oregon is ashore at Dutch Harbor with eight feet of water in her hold.

On the voyage north the Oregon began leaking badly before she had passed Vancouver island and it was found necessary to keep her pumps going constantly to keep her afloat. She arrived at Nome with two feet of water in her hold and badly out of repair.

As soon as the passengers and cargo were landed Captain Seely decided that he could make St. Michael, where the vessel could be safely beached and repaired. After leaving Nome the rudder post gave way and refused to answer her helm. Fortunately the weather was good and Captain Seely was able to make temporary repairs. As the leak had not increased and did not appear to be dangerous, he decided that he could reach Seattle in safety and so did not stop in St. Michael. With the pumps going continually he found it impossible to keep the water down and as it was gaining at a dangerous rate he was compelled to put into Dutch harbor and beach her. The Oregon had some south bound passengers aboard, but the number is not known. It is believed that the vessel can be saved.

PEACE IN PHILIPPINES.

WASHINGTON, June 30.—The war department makes public the report of Governor A. U. Betts, of the Province of Albay, P. I., to acting Governor Luke F. Wright, dated Albay, May 17. He says:

"Perfect peace exists throughout the province. At the present writing there is not a Ladrone on the hills. The work of the constabulary is entirely satisfactory and as their organization is more perfected, I expect them to render a still better account of themselves. I am informed by the leading citizens that they were never in a more prosperous condition than they are at present. There is plenty of work for all who desire it, and, in fact, the greatest complaint from the interior of the province is the lack of labor to work the hemp fields. The present price of hemp is bringing enormous sums of money into the province, we have no difficulty whatever in collecting the taxes imposed and the present revenue is ample to conduct the business of the province on a very liberal basis.

"Excellent work is being done by the supervisors' department in the construction of highways and bridges. The end of this month will see completed through the center of the province 22 miles of highway that will compare for excellent construction with any highway in the states. This 22 miles of highway is through the heart of the great hemp district in the provinces, and over this highway passes

nearly one-eighth of the temp of the entire Philippines.

Up to the present writing the provincial medical board has succeeded in keeping the epidemic of cholera out of the provinces. Smallpox, which had become almost epidemic in certain portions of the province, has been practically stamped out.

"Several of the pueblos have constructed new school buildings and the greater portion of the pueblos now have very suitable tribunals.

"For diversion from the monotonous life lived in an average pueblo, we have encouraged the building of small theaters. This has proven not only a source of entertainment for the people, but it is also a financial benefit to the pueblos. Arrangements have been made to hold in the leading pueblos during the summer months fairs corresponding somewhat to the county fairs held in the states, at which prizes will be given for the best exhibit for products of this province.

"The finances of each pueblo in the province are in a very satisfactory condition."

SERMON ON CORONATION.

Devotes Discourse to Intercourse of Sympathy Between America and England.

NEW YORK, June 30.—Among the sermons preached in this city with the postponed coronation for a theme, was that of Rev. Dr. Robert S. MacArthur, at Calvary Baptist church. The edifice was decorated with American and British flags. The national anthems of America and Great Britain were sung by the congregation. Dr. MacArthur devoted a great portion of his discourse to the intercourse of sympathy between this country and Great Britain on the occasion of the national calamities which have befallen the two kindred peoples.

"The British Empire and the whole civilized world," said Dr. MacArthur, "have experienced a cruel disappointment in the illness of King Edward and the postponement of the coronation."

"Many facts added to the greatness of the occasion. Never before in all its history was the British empire so great. King Edward used all his influence to obtain peace with honor for his empire in the Boer war and with humility to his brave foes. His plans have been crowned with signal success and Edward the Seventh may be known as the 'great peacemaker.' Never before were the bonds of friendship between the United States and England so numerous and so strong as they are today. These two nations are marching side by side to the high place of the earth.

"The sympathy which this country showed Great Britain at the time of Queen Victoria's death produced an impression deep, tender and lasting on British hearts all the world over. That sympathy was rewarded in the fullest measure at the death of President McKinley."

FREIGHT MEN WILL QUIT.

CHICAGO, June 30.—Unless the general managers of the railroads reverse their announced decision in regard to the new scale of wages, 16,000 freight handlers will in all probability quit work tomorrow in all railway warehouses—sheds in Chicago. If the freight handlers strike, it is probable that other unions will be drawn into the struggle through sympathy.

STILL PURSUING THE CONVICTS.

TACOMA, June 30.—Deputy Sheriff Johnson and four men left this morning and went to Rainier, 30 miles south, where they are co-operating with the officers of the neighboring counties in the hunt for the Oregon convicts, Tracy and Merrill.

ARMOUR CADETS TAKE OUTING.

DENVER, June 30.—The cadets from the Armour Institute of Chicago arrived here early this morning on their annual outing. They will be in Denver until Wednesday when they will go to Colorado Springs and Pueblo.

BASEBALL

NATIONAL LEAGUE

At Brooklyn—Philadelphia, 2; Brooklyn, 1.
At New York—Boston, 5; New York, 0.
At St. Louis—First game, St. Louis, 4; Chicago, 8. Second game, St. Louis, 4; Chicago, 8. The score was exactly the same in each game.

AMERICAN LEAGUE

At St. Louis—First game, Cleveland, 17; St. Louis, 2. Second game, Cleveland, 3; St. Louis, 15 (impings tie, and called on account darkness).

SCOTLAND FAVORS AMERICAN GOODS

Well-to-Do Miner Is Burned to Death—Motive Supposed to Be Robbery.

BOILER MAKERS QUIT WORK

Building Trades Council Declares Boycott Against Untar Planing Mills Off.

NEW YORK, June 30.—American trade in Scotland has been established on a modern basis, according to an extract from Commercial Relations in 1901, now in press, which was made public at the State Department today by Frederick Emery, chief of the bureau of foreign commerce. The extract says:

"Consul Rufus Fleming, of Edinburgh, says that a growth of our business there is very significant as to the possibilities of the expansion of our trade in the world at large. Our tools, both hand and machine, are in high favor. The demand for our machinery is increasing.

"The tendency of trade in Scotland is favorable to the American labor-saving machines in the more important manufactures, and also for pumping, crushing, boring and for power purposes. American agricultural machines are preferred to any other. The hardware business has been properly managed by United States exporters with the result that there is a growing demand for our kitchen utensils and a variety of implements and devices for use in the household. American furniture is admired and sells when it is offered at moderate prices. American rubber manufacturers have met with great success. Our shoes are also in strong demand.

"As to electrical appliances, British manufacturers find it almost impossible to compete with our dynamo, motors and transmission equipment.

"American canned meats, fruits, pickles, soups and sauces are generally speaking first in public favor."

MINER BURNED TO DEATH.

BAKELY CITY, Ore., June 30.—A message from the Bannock mine says John Bruner, a miner, aged 47, was burned to death on Sunday morning under circumstances which point to a murder and robbery. He lived in a tent and was supposed to have considerable money about his person. Yesterday morning the tent was discovered on fire. The flames had made such progress when the rescuers arrived that they could not rescue him. When the fire had burned the tent, the charred remains of Bruner were found.

MACHINISTS STRIKE.

OMAHA, June 30.—In accordance with a pre-arranged plan the formal order was issued today by President Wilson of the International Association of Machinists for a general strike of the Union Pacific machinists. The men's demand is for five per cent advance in their wages and that the company abandon the recently adopted work system. A number of men had been greatly depleted by the closing of the shops at Omaha, Cheyenne, North Platte and Armstrong, Kansas.

President Wilson said the benefits would be paid to the strikers, numbering nearly 1500. To this number 200 boiler-makers are added, making a total number affected 1700. The railroad officials declare these figures too high. The reports received at the railroad headquarters indicate that the men at Grand Island, Neb., and Evans-ton, Wyo., refused to strike.

BOYCOTT OFF.

PORTLAND, June 30.—At a meeting of the Building Trades Council tonight the boycott against "untar" planing mills of Portland was declared off. It is understood that the Building Trades Council believe that by declaring the boycott off unionism will be strengthened.

Closing Out Sale of a Well-Bought Stock

Every article in the house must go. If you don't like our prices tell us yours. We do not carry everything, but everything we do carry will be found priced lower than ever offered in Astoria.
